The trio was in Tampa for mid-year training this weekend. After 20 hours of sessions, we are inspired and ready to keep supporting the district.

We did not bring back warm weather (and there wasn't any), but we brought some great ideas and lots of energy.

Pathways!

Pathways Tip of the Month

For members finding the navigation in the online base camp challenging when starting level 1.

Go into the online curriculum and print the entire project. When you print the entire project it helps you to keep the progression of tasks in sequential order and includes the resources and evaluation forms. If you have trouble, contact your VP of Education for assistance.
